

## Photography, Filming, Interviews, and Disclosure for Commercial Use

The Takimoto Group requests prior written application for photography, filming and interviews of TV programs, magazines, SNS, YouTube, etc. in all facilities operated for commercial (financial gain, actual or anticipated) purposes. Please check the following information at least two weeks before the shooting date before applying. In addition, please note that accommodation fees may be incurred depending on the content of the shooting.

### 【Procedure prior to shooting】

- (1) Please submit the application form by e-mail at least two weeks before the desired shooting date.
- (2) Takimotokan staff will contact you to confirm the decision regarding the application approval or refusal.
- (3) Please adhere to the rules (below) when shooting.
- (4) After the filming is completed, the content will require confirmed written approval before broadcasting or release to the public.
- (5) Provision of final published information such as URL of the broadcast DVD, magazine, or video for Takimoto group record.

### 【Rules】

1. Photography in The Grand (public) Bath (indoor bath, open-air bath) and dressing room will be judged based on the contents of the application. When taking pictures in all common spaces, please be considerate of other guests. Any media that reflects guests, must be cropped or blurred so that it cannot be used to identify individuals.
2. Please refrain from taking photographs without express permission from the staff, or using photos or filming with faces that can identify individuals, or posting text.
3. We will confirm the publication of the contents of the shooting and interviews at the museum before the release. If there is a disadvantage to the Takimoto Group, such as an error in the content, we reserve the right to request amendment or deletion of the publication. In addition, if there is any damage after the release, we will claim compensation.
4. Please refrain from using drones to take photographs, whether inside or outside the facility. For photography outside the Takimoto Group, please consult with the Hokkaido Regional Environment Office as it is a designated National Park and by-laws are enforceable.
5. The hotel will not be involved in any disputes between customers due to photography.
